

# State-of-the-art multimodal molecular PET, SPECT, CT and MR imaging

## MEDISO INDUSTRY WORKSHOP at WMIC 2014

**7:30-9:00 a.m. on Thursday 18th September**

**at room #103, COEX Grand Ballroom** *Breakfast will be provided*

### 1. Molecular Imaging in Preclinical and Clinical Drug Development

Eun Sang Kim, MD PhD – *Department of Nuclear Medicine,  
Seoul National University Bundang Hospital, Seoul, South Korea*

### 2. Metabolic Imaging in Cancer Hyperpolarized MR/PET

Jason S. Lewis, PhD - *Department of Radiology;*  
Kayvan R. Keshari, PhD - *Department of Radiology;*  
*Memorial Sloan Kettering Cancer Centre, New York, USA*

### 3. Molecular Imaging Across the Species

Hiroataka Onoe, PhD - *Imaging Function Group*  
*RIKEN Center for Life Science Technologies, Kobe, Japan*

**Event Host: Gabor Nemeth, MD - Program Director, Preclinical Imaging, Mediso Ltd.**

**MultiScan™ LFER 150 PET/CT**

20 cm TFOV Awake Neuroimaging & High  
Throughput Drug Discovery Imaging

visit us at booth  
**#702**

**nanoScan® SPECT/MRI & PET/MRI**
